DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 19, 2007 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Joseph Gamberdell (Reg. No. 44,695) on April 24, 2007.

Regarding Claim 3, **Please replace the period "." at the end of the word "card" on line 13 with a comma ",".**

Regarding Claim 13, **Please replace the period "." at the end of the word "card" on line 24 with a comma ",".**

Regarding Claim 17, **Please replace the period “.” at the end of the word “card” on line 11 with a comma “,”.**

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach a method of connecting an access point, **which is a base station**, to other network elements in a Public Land Mobile Network (PLMN) comprising: **the access point transmitting a request for connecting the access point to the network element of the fixed network part on the basis of the stored address, and the network element of the fixed network part checking the rights of the IC card by checking the data on the IC card on the basis of the specific identity and by authenticating the IC card.** Claim 3, including all of the claims that depend directly or indirectly from Claim 3, Claim 13, including all of the claims that depend directly or indirectly from Claim 13, and Claim 17, including all of the claims that depend directly or indirectly from Claim 17, are therefore in condition for allowance

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
